SECTION 1 - THE SCHEDULE
INDEFINITE DELIVERY/INDEFINITE QUANTITY CONTRACT
COST PER COPY

1. Performance Work Statement

This solicitation is for photocopier supplies and services based on a firm fixed price (cost per copy) charge at the locations specified in Attachment 2 of this contract. Contractor furnished services and supplies are to be provided on an indefinite quantity basis with delivery to American Embassy, Manila. Photocopier machines provided shall be in good working condition and shall be 110 volts, or 220 volts when requested, and must be 60 cycles. If 110 volt or 220 volt machines are not available, the Contractor shall provide step-up or step-down transformers at no additional cost to the Government, except for New Office Annex NOX1 which shall be 110 volt (without transformer). Many machines will remain in place for the life of this contract but occasional requests may be made for shorter durations.

The Contractor will retain ownership of all machines being installed in U.S. Government offices under this contract. The estimated monthly copy volume for each office covering the upcoming two (2) years (base year + one option year) is shown in Attachment 2. Some machines will not be replaced with new ones but the copies made will be taken into account for copy commitment purposes. Additional machines may be ordered by the Contracting Officer through task orders by applying the cost per copy rate and service requirements of applicable volume bands.

It is the Government's intention to have all ordered copiers in place for the base period of this contract and the optional periods of performance, if exercised. Prices should be based on the assumption that all copiers will remain in place until the end of the final period of performance. Occasional requests may be made for shorter periods, in which case the Government will pay the cost per copy rate equal to similarly sized contracted machines within volume bands priced below.

The contractor shall provide copier services on a cost per copy basis. This cost per copy price shall include:

- the usage charge of the proposed copier;
- insurance (see FAR 52.228-4 and 52.228-5);
- all necessary consumables, except paper, including but not limited to toner, developer kits, fuser oil, staple wires, unlimited repair services (emergency repairs and preventive maintenance) and competent technicians during the normal business hours set forth in Attachment 1.F;
- and training of at least one (key) operator for each copier.

This is an indefinite-delivery indefinite-quantity contract. The Government plans to issue task orders with a firm-fixed price per copy and a ceiling price based on estimated quantities.

Additional details regarding the Performance Work Statement are stated in Attachment 1 of this section.

2. Period of Performance/Schedule

The performance period of this contract is from the date of contract award and continuing for 12 months, with 1 one-year option to renew. The initial period of performance includes any transition period authorized under the contract.

The Contractor shall provide all required types of maintenance service as well as copier installation, equipment demonstrations, and training services, at no additional cost to the Government at the schedule coordinated by the Key Operator.

In order for the option (s) to be exercised at the prices indicated in this contract, the Government shall prepare a modification to this contract exercising this option.

3. Pricing. The Contractor shall provide the following copier models for the cost per copy firm fixed prices set forth below. The estimated copy per month column represents the estimated total number of copies for all copiers combined, within that location/office. The description/ equipment specifications and capabilities required for each category is provided in Attachment 1.A. The location of copiers and estimated copy volume requirement per location is set forth in Attachment 2.

All prices are set forth in Philippine currency.

The Government will pay no monthly lease charge, maintenance or toner or other copier supplies charges under this cost per copy arrangement. No other charges will be accepted. The Government will provide only the paper and electricity and adequate floor space. The Government will also furnish a suitable location, a table and a chair for the service technician(s) within the Embassy facilities.

VI. Consumable Supplies

The Contractor shall furnish all consumable supplies required for copying operations. The Government will provide copying paper. To insure that consumables are available at all times, the Contractor is required to supply the Key Operator with a stock of consumables for warehouse storage. The Contractor shall ensure that a stock of two months supply of consumables is available at all times and placed in the location designated by the COR. Each Key Operator will coordinate delivery of supplies to machines and users.

B. Maintenance

Preventive Maintenance - The Contractor shall provide preventive maintenance service calls to ensure that copiers are maintained in good working condition. Maintenance calls shall be at intervals which meet commercial standards, but not less than once per month. These calls shall be made during normal business hours (See Attachment 1.F).

Response To Service Calls - The Contractor shall respond to oral service calls placed by the Key Operator for the copier requiring service, within twenty four (24) hours of notification during normal Embassy working hours. The response time on service calls shall commence when the Key Operator contacts the Contractor. In cases where a copier cannot be repaired within four (4) working hours, the Contractor shall provide a replacement machine of equal or greater capabilities. Replacement machines shall remain in use until the original machine is repaired or permanently replaced. Copies made on a replacement machine will be taken into account for copy commitment purposes. If a replacement machine is for a higher volume band, the cost-per-copy price for the original machine will apply.

C. Operational Requirements

Equipment Demonstrations - During installation of copiers, the Contractor must demonstrate to the Key Operator that copiers are in proper operating condition. Following successful demonstration, the Contractor shall schedule a session to instruct authorized users on operating instructions and service call procedures.

Introduction of New Models - The Contractor is requested to introduce new or improved model copiers at any time for models initially supplied under this contract. The Contractor shall propose such replacements in writing to the Contracting Officer for review. Replacements shall be of equal or greater capability as the model to be replaced. If they are acceptable, the Contracting Officer shall accept new models and the contract will be appropriately modified, followed by any necessary modification of existing task order(s) or issuance of a new task order(s).

Operator Training - The Contractor shall provide training for Key Operators on site at the time of initial installation, at a mutually agreeable time. At time of training, the Contractor will provide key codes on machines shared by multiple agencies and reported to the Contracting Officer.

Machine Movements

The Contractor is responsible for all machine movements. The Contractor shall relocate and set up copiers on an as-needed basis at no additional cost to the Government. All tools and equipment required for the installation and proper operation of the units, e.g., step-up/step-down transformers, shall be provided by the Contractor at no additional cost to the Government. The Contractor shall coordinate deliveries, installations, and removals at the end of the contract period or when a machine is no longer required.

Requests For Consumables

The Key Operator will place orders with the Contractor for consumables excluding paper. Orders may be placed by phone or fax. The Contractor shall deliver the consumables within six working days of order placement, to either the Key Operator or Embassy Warehouse, as requested by the Key Operator. However, this paragraph does not relieve the Contractor of the responsibility of ensuring that adequate consumables are in place for the efficient operation of the copiers without the need for the Key Operator to request delivery.

D. Changes in Copier Requirements

The number of copiers in use may change at any time. The Contracting Officer is the only person authorized to increase and decrease the number of machines. Changes are made in the form of a task order or task order modification. The contractor shall place in service new and additional copiers as requested at a copy rate equal to similarly sized machines within volume bands shown in Section 1. For copiers added during any contract year, the respective contract year rate will apply.

Discontinuance of Service – If the Contracting Officer requests removal, change, or the addition of any copier site by task order or task order modification, the Contractor shall take action within two (2) weeks of receipt of that task order or task order modification. There will be no charge associated with removal, movement or addition of copiers except for adjustments to copier rates as a result of machine location or size changes.

Replacement Copiers - The COR may request a newly manufactured replacement copier at any time in the event of machine break down or malfunction resulting in downtime of more than sixteen (16) hours per month. The Contractor shall provide a replacement machine of equal or greater capabilities to assure that offices go no longer than twenty four (24) hours without copier facilities. Upon delivery of a replacement machine, the Contractor shall advise the COR, (with a copy to the Contracting Officer) of the serial number, location, and model number. If a replacement machine is for a higher volume band, the cost-per-copy price for the original machine will continue to apply. The Contractor is solely responsible for maintaining copiers in good condition.

E. Contractor's Reports

The Contractor shall maintain an inventory of equipment delivered under this contract. At time of monthly invoicing the Contractor shall provide the Key Operator, with a copy to the COR:

- (1) Make and model
- (2) Location and serial number of machine
- (3) Record of repairs and maintenance performed
- (4) Monthly volume of copies made by machine
- (5) Total cost for copying services for month

F. Machine Usage

The Government will make every effort to ensure that copiers put in place are selected based on volume of copies produced and minimum features required. If the Contractor becomes aware of any particular site where a copier is regularly being over used or under used, the Contractor may recommend replacing that machine with one more appropriate. If the Contracting Officer determines corrective action is appropriate, the Contracting Officer will outline the changes in writing through a modification to the contract or task order.

G. Key Operators

(1) The COR will provide to the Contractor a list of Key Operator(s) for each copier which is installed, not later than the date on which the copier is installed. The COR will update this list as necessary.

(2) The Key Operator will be the Contractor's first point of contact on issues relating to individual copies, except for initial copier installation, for which the COR shall be the first point of contact. If there is an issue that cannot be resolved at the Key Operator level, the Contractor shall elevate the issue to the COR for resolution.

H. Quality Assurance and Surveillance Plan (QASP)

This plan is designed to provide an effective surveillance method to promote effective contractor performance. The QASP provides a method for the Contracting Officer's Representative (COR) to monitor contractor performance, advise the contractor of unsatisfactory performance, and notify the Contracting Officer of continued unsatisfactory performance. The contractor, not the Government, is responsible for management and quality control to meet the terms of the contract. The role of the Government is to conduct quality assurance to ensure that contract standards are achieved.

Performance Objective	PWS Para	Performance Threshold
<u>Services.</u> Performs all copier services set forth in the performance work statement (PWS)	Attachment 1 A. thru G.	All required services are performed and no more than one (1) customer complaint is received per month

H.1 SURVEILLANCE. The COR will receive and document all complaints from Government personnel regarding the services provided. If appropriate, the COR will send the complaints to the Contractor for corrective action.

H.2 STANDARD. The performance standard is that the Government receives no more than one (1) customer complaint per month. The COR shall notify the Contracting Officer of the complaints so that the Contracting Officer may take appropriate action to enforce the inspection clause (FAR 52.212-4, Contract Terms and Conditions-Commercial Items), if any of the services exceed the standard.

H.3 PROCEDURES.

- (a) If any Government personnel observe unacceptable services, either incomplete work or required services not being performed they should immediately contact the COR.
- (b) The COR will complete appropriate documentation to record the complaint.
- (c) If the COR determines the complaint is invalid, the COR will advise the complainant. The COR will retain the annotated copy of the written complaint for his/her files.
- (d) If the COR determines the complaint is valid, the COR will inform the Contractor and give the Contractor additional time to correct the defect, if additional time is available. The COR shall determine how much time is reasonable.
- (e) The COR shall, as a minimum, orally notify the Contractor of any valid complaints.
- (f) If the Contractor disagrees with the complaint after investigation of the site and challenges the validity of the complaint, the Contractor will notify the COR. The COR will review the matter to determine the validity of the complaint.
- (g) The COR will consider complaints as resolved unless notified otherwise by the complainant.
- (h) Repeat customer complaints are not permitted for any services. If a repeat customer complaint is received for the same deficiency during the service period, the COR will contact the Contracting Officer for appropriate action under the Inspection clause.

I. Normal Working Hours

The Contractor shall provide all required types of maintenance service as well as copier installation, equipment demonstrations, training services, replacement services during Mondays to Fridays, 7:30 a.m. to 4:30 p.m. excluding U.S. and Philippine holidays as listed under Section 2, DOSAR 652.237-72 Observance of Legal Holidays and Administrative Leave. If the Contractor desires to work outside of the regular hours, the Contractor shall submit a request to the Officer(s)-In-Charge (OIC) five (5) working days prior to the start of the work to enable the OIC to make necessary arrangements for access clearance. Changes in work hours will not be a cause for a price increase.

(e) *Certification Regarding Payments to Influence Federal Transactions (31 U.S.C. 1352).* (Applies only if the contract is expected to exceed \$150,000.) By submission of its offer, the offeror certifies to the best of its knowledge and belief that no Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress or an employee of a Member of Congress on his or her behalf in connection with the award of any resultant contract. If any registrants under the Lobbying Disclosure Act of 1995 have made a lobbying contact on behalf of the offeror with respect to this contract, the offeror shall complete and submit, with its offer, OMB Standard Form LLL, Disclosure of Lobbying Activities, to provide the name of the registrants. (f) RESERVED

(g) RESERVED

(h) *Certification Regarding Responsibility Matters (Executive Order 12689).* (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals—

(1) ☐ **Are**, ☐ **are not** presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(2) ☐ **Have**, ☐ **have not**, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in

connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;

(3) ☐ **Are**, ☐ **are not** presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and

(4) ☐ **Have**, ☐ **have not**, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,000 for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) *The tax liability is finally determined.* The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) *The taxpayer is delinquent in making payment.* A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) *Examples.*

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. §362 (the Bankruptcy Code).

(i) Certification Regarding Knowledge of Child Labor for *Listed End Products* (Executive Order 13126). [The Contracting Officer must list in paragraph (i)(1) any end products being acquired under this solicitation that are included in the List of Products Requiring Contractor Certification as to Forced or Indentured Child Labor, unless excluded at [22.1503\(b\)](#).]

(2) *Certification.* [If the Contracting Officer has identified end products and countries of origin in paragraph (i)(1) of this provision, then the offeror must certify to either (i)(2)(i) or (i)(2)(ii) by checking the appropriate block.]

[] (i) The offeror will not supply any end product listed in paragraph (i)(1) of this provision that was mined, produced, or manufactured in the corresponding country as listed for that product.

On the basis of those efforts, the offeror certifies that it is not aware of any such use of child labor.

(j) *Place of manufacture.* (Does not apply unless the solicitation is predominantly for the acquisition of manufactured end products.) For statistical purposes only, the offeror shall indicate whether the place of manufacture of the end products it expects to provide in response to this solicitation is predominantly—

(2) ☐ Outside the United States.

(k) *Certificates regarding exemptions from the application of the Service Contract Act.* (Certification by the offeror as to its compliance with respect to the contract also constitutes its certification as to compliance by its subcontractor if it subcontracts out the exempt services.) [The contracting officer is to check a box to indicate if paragraph (k)(1) or (k)(2) applies.]

[] (1) Maintenance, calibration, or repair of certain equipment as described in FAR [22.1003-4\(c\)\(1\)](#). The offeror o does o does not certify that—

(iv) The compensation (wage and fringe benefits) plan for all service employees performing work under the contract is the same as that used for these employees and equivalent employees servicing commercial customers.
